

The Political Affiliations of Candidates in Non-partisan Elections: Pima County 2020

Candidates in non-partisan elections are not nominated by political parties, but a **candidate's registered political affiliation is a public record that voters have a right to know**. Registration as a member of a political party is generally presumed to be a declaration of support for the principles and goals of that party. The following information is intended as a *supplement* to the information published in the State and County "Publicity Pamphlets" and other such election guides. The methods used to compile the information in this table are described below the table; note that the candidates in the Fire District elections have been omitted.

Methods and Sources:

The Pima County "sample ballot" list of candidates, posted on the Pima County Elections Department's Web site as of 9/27, and the lists in the AZ Secretary of State's Election Guide were compared with voter registration data issued by the Pima County Recorder's office on August 20, 2020. Candidates not apparently resident in Pima County were searched in a voter-registration database covering all of Arizona and current as of September 2020..

When a candidate's name matches the name on one and only one registration and that registration's address is located in the relevant election district, the registration is assumed to be the candidate's, and the party affiliation is noted in the left-hand column of the table. When there is a discrepancy between the names or the addresses, a note is provided below. Candidates' Web sites and supplemental information used to assist in identifying candidates were obtained only from articles and/or public records available online and located by Web searches on the name & office; citations retrieved in the first two pages of each search were reviewed.

NOTES:

1. Registration of a variation of listed name was found and identified presumptively as candidate's from public records or news reports.
2. Multiple registrations were found for that name; no public records or reports were found adequate to determine correct registration.
3. No registration found for any combination of candidate's listed names; affiliation cannot be determined from registration records.
